Senators Lose.
Washington, Sept. 23.—St. Louis made it two out of three in its last series of the season with Washington by winning today, 5 to 3. Two wild pitches and an error were responsible for four of St. Louis' runs.

Athletic Swatfest.
Philadelphia, Sept. 23.—After Detroit had piled up a six-run lead in the first two innings this afternoon, Philadelphia hammered the ball all over the field and won the game, 21 to 8.

Pittsburg Wins Doubleheader.
Pittsburg, Sept. 23.—Brooklyn took both ends of a double header from Pittsburg this afternoon. They won the first on timely hits off Shenn, a Virginia recruit, and Mameaux, an Ohio state league youngster. The score was 6 to 1. Yingling pitched a fine game throughout and was accorded good support.

Nap Rucker won the second game, 1 to 0, pitching brilliantly against Conzelman, an Atlanta recruit, who kept Brooklyn shut out until the ninth. With one man out in the last inning, Smith tripled to left, Conzelman struck out Shortstop Fisher, but

New York Wins in Finals.
New York, Sept. 23.—Caldwell's superb pitching enabled New York to make it two out of three from Cleveland in the final series between these clubs this season. Caldwell held the visitors to four hits, and won by a score of 3 to 1. Not a Cleveland batter reached third until two were out in the ninth, when no attempt was made to stop Jackson stealing second and third. He scored on Johnson's single.

WHITE SOX WINS SERIES.

OPENING OF THE FOOTBALL SEASON

New York, Sept. 24.—The first big college football teams to get into action this season, are Yale and Cornell, who open their season today.

Yale meets Wesleyan at New Haven this afternoon, and Cornell will be opposed by Ursinus at Ithaca. Yale is beginning its season three days earlier than its chief rivals, Harvard and Princeton. Harvard's first game will be with Maine on Saturday and the Tigers meet Rutgers at the same time. The most important contest for today is the Yale-Wesleyan game. Even the Wesleyan backers regard it as almost certain that the Blue will win by a substantial margin but there are some of the Middletown men that think they will be able to score on Old Eli.

Score of the Yale-Wesleyan game last year was 19 to 3 in favor of the Blue.

The work of one Yale man in particular was watched with interest today. He is Wilson, the new quarterback, who is heralded as a find and declared in some quarters as almost certain to get the regular berth, held by Mat E. Wheeler, who piloted the Blue in last year's Harvard game. Cornell did not play Ursinus last year but does not expect as hard a battle today as was experienced in the opening game with Washington and Jefferson last year when the latter team held Cornell even with the exception of a field goal.

The Carlisle Indians will play their second game of the season today with Lebanon valley as their opponents. Carlisle opened its season against Albright last Saturday.

Holy Cross begins its season with Norwich as the visitor.

BRYAN EXPLAINS INDEMNITY LAW

San Jose, Cal., Sept. 24.—Replying to a telegram sent by Dr. S. G. Grigsby of this city, requesting protection of the Mexican property of a land company, Secretary of State Bryan has wired Grigsby as follows:
"Department has sent appropriate telegraphic instructions to the American consul at Hermosillo and consular agent at Guaymas regarding desired protection of your property. In case of damage to property department would use its utmost endeavor to obtain that indemnity to which you might appear entitled by the ruled and principles of international law. It has been frequently held that a sovereign is not ordinarily responsible to alien residents for injuries they may receive within his territories from insurgents whose conduct he cannot control."

Dr. Grigsby, his brother, Harry C. Grigsby and other officials of the company, a San Jose corporation, fled from Mexico early this month on the cruiser, Buffalo, in response to the warning of the state department calling upon Americans to leave the troubled zones of that country.

LINER SINKS A SMALL STEAMER

Hamburg, Germany, Sept. 24.—The steamship Graf Waldersee of the Hamburg-American line, while ascending the river Elbe during the night collided with the small Norwegian steamer Norge. The liner struck the Norge a glancing blow on the starboard side, ripping her open below the water line. The Norge sank immediately. There were no casualties.

NOTED RABBI TO HEAD CHURCH

New York, Sept. 24.—The Rev. Dr. Moses Hyamson, long one of the most noted rabbis of England, who was called to this city to head the congregation Orach Chaim, arrived from England on the liner Kronprinz Wilhelm yesterday. He was accompanied by Mrs. Hyamson.

Rabbi Hyamson was the rival candidate for the office of chief rabbi of Great Britain, to which office the Rev. Dr. Joseph H. Hertz, Dr. Hyamson's predecessor, as rabbi of the congregation Orach Chaim, was elected.

OREGON ADOPTS A WOMAN WAGE SCALE

Portland, Ore., Sept. 24.—The industrial welfare commission of Oregon has adopted a ruling, made public today, which will become a law November 23, fixing a minimum

wage of \$9.25 a week for adult women clerks who are not apprentices; defining eight hours and 20 minutes as the maximum day's work and fifty hours as the hours as the maximum for a week; and making 6 p. m., the last hour at which any woman may be employed on any day of the year in a mercantile establishment.

SAD BLOW TO THE ARMY OFFICERS

Washington, Sept. 24.—A sad blow to the traveling expense accounts of American military officers was delivered today by George E. Downey, comptroller of the treasury, who decided that army officers when traveling without troops, must pay for the transportation of their personal baggage out of their seven cents mileage allowed by the government.

WHAT CONSTITUTES "DECENT BURIAL"?

Washington, Sept. 24.—The "high cost of dying" disturbed George E. Downey, comptroller of the treasury, today when he was called upon to decide officially what constitutes "a decent burial." The widow of a lighthouse employee, who died at

Washington, N. C., in the line of duty and will be buried at Baltimore, presented a bill for \$190, which the comptroller said was too high, wherefore he proceeded to cut the account in two.

A hearse and one hack for the widow, the comptroller conceded, might be essential to the "decent burial" of a married man, but he refused to pay for a funeral cortege of seven carriages. He likewise declined to approve a black suit for the corpse costing \$10, underclothes and hose, \$1.50, and newspaper "advertising" in the nature of funeral notices to the amount of \$3.40. The government bought the dead man a casket and box for \$27 at Washington, N. C., but the comptroller refused to pay for a \$70 casket to which the body was transferred when it reached Baltimore.

BAKERS WILL NOT DISCUSS PRICES

Buffalo, N. Y., Sept. 24.—An advance in the price of bread will not be considered at the sixteenth annual convention of the National Association of Master Bakers, which began here yesterday.

"It has not been our policy to discuss prices at our conventions," said Vice President Mark Bredin of Toronto, "and this one will not be an exception."

THE TRUNK-LID SHIRTWAIST BOX.

"At our school," explains a girl who, during her college preparatory years has learned a great many useful things not to be found in text books, "we're expected to keep our trunks in our own rooms and their presence there leaves no space for

shirtwaist chests. The first quarter at school I was worn almost to a thread trying to keep my waists from wrinkling while they lay in the chest-drawer drawers, but since I've installed a shirtwaist box in my trunk there isn't any trouble whatever. The box is simply a sheet of heavy cardboard that swings outward from the hinge side of the trunk and when closed is secured by the end of two cheap leather belts tucked respectively to the improvised lid and the inside of the trunk's top. If the pasteboard sheet is carefully let down over the trunk's tray and pushed back with equal care, the daintily laundered shirts and blouses lie flatly and quite a number of them may be put away in this manner."

COMMISSION GOES TO PACIFIC COAST

New York, Sept. 24.—The investigation by the joint commission of the operations of state workmen's compensation laws is to be extended to Washington, Oregon and California, it has been decided. The commission has just returned from a trip through Massachusetts, Michigan, Ohio, Wisconsin and Illinois and the journey to the Pacific coast is being undertaken chiefly because Washington is so far the only state where the insurance of working men is compulsory.

The commission is made up of Cyrus W. Phillips, Rochester, N. Y., chairman, and J. Walter Lord, Baltimore, representing the National Civic Federation; Otto E. Elditz of the New York building trades employers' association; Louis B. Schram, chairman of the labor committee of the United States Brewers' association; and James Duncan, Quincy, Mass., and John Mitchell, Mount Vernon, N. Y., representing the American Federation of Labor.

RECORD BUSINESS OF UNITED STATES

Washington, Sept. 24.—Although imports for the month of August fell off when compared with figures for the same month last year, exports increased to such an extent that they surpassed figures of any other August on record, according to the department of commerce, which today made public statistics of the general trade in the United States during last month. Imports for the month totaled \$137,704,195, while exports aggregated \$187,812,636. The figures for the same month last year were \$154,756,770 and \$167,844,871.

MARKET GRADING OF AMERICAN CORN

Washington, Sept. 24.—The department of agriculture announced today that a public hearing would be held here October 29 to give persons interested in the commercial grading of American corn an opportunity to express their opinions on the tentative grades of corn before standard federal grades for commercial corn are definitely fixed by the department.

THE NEEDED OF THE CHILD.
The needs of the individual child properly are receiving more attention today in the public schools than ever before. There is room for greater development, wholesomely, along this line. The patrons of the schools should have potent voice in determining what their children should be taught and should not be taught.—Long Beach Press.
